PUBLISHED BY SENIOR CLASS
OF LOWER CAMDEN COUNTY
REGIONAL HIGH SCHOOL
LINDENWOLD, NEW JERSEY

EDITOR'S FOREWORD

Has it really been four years? It has, and although it may have seemed like more to some or fewer to others we're seniors and about to face life in the world today. Have you ever stopped to consider what sort of world it is?

We graduates have to face the job of making a living and a career for ourselves in a difficult and sometimes perplexing world.

For many of us, the immediate future is complicated by a situation, not of our making. The prospect of having to postpone several years plans for the future because of the draft faces most of our young men. Think what a wonderful place in which to live this old world would be without strife between nations and with equality of opportunity for all.

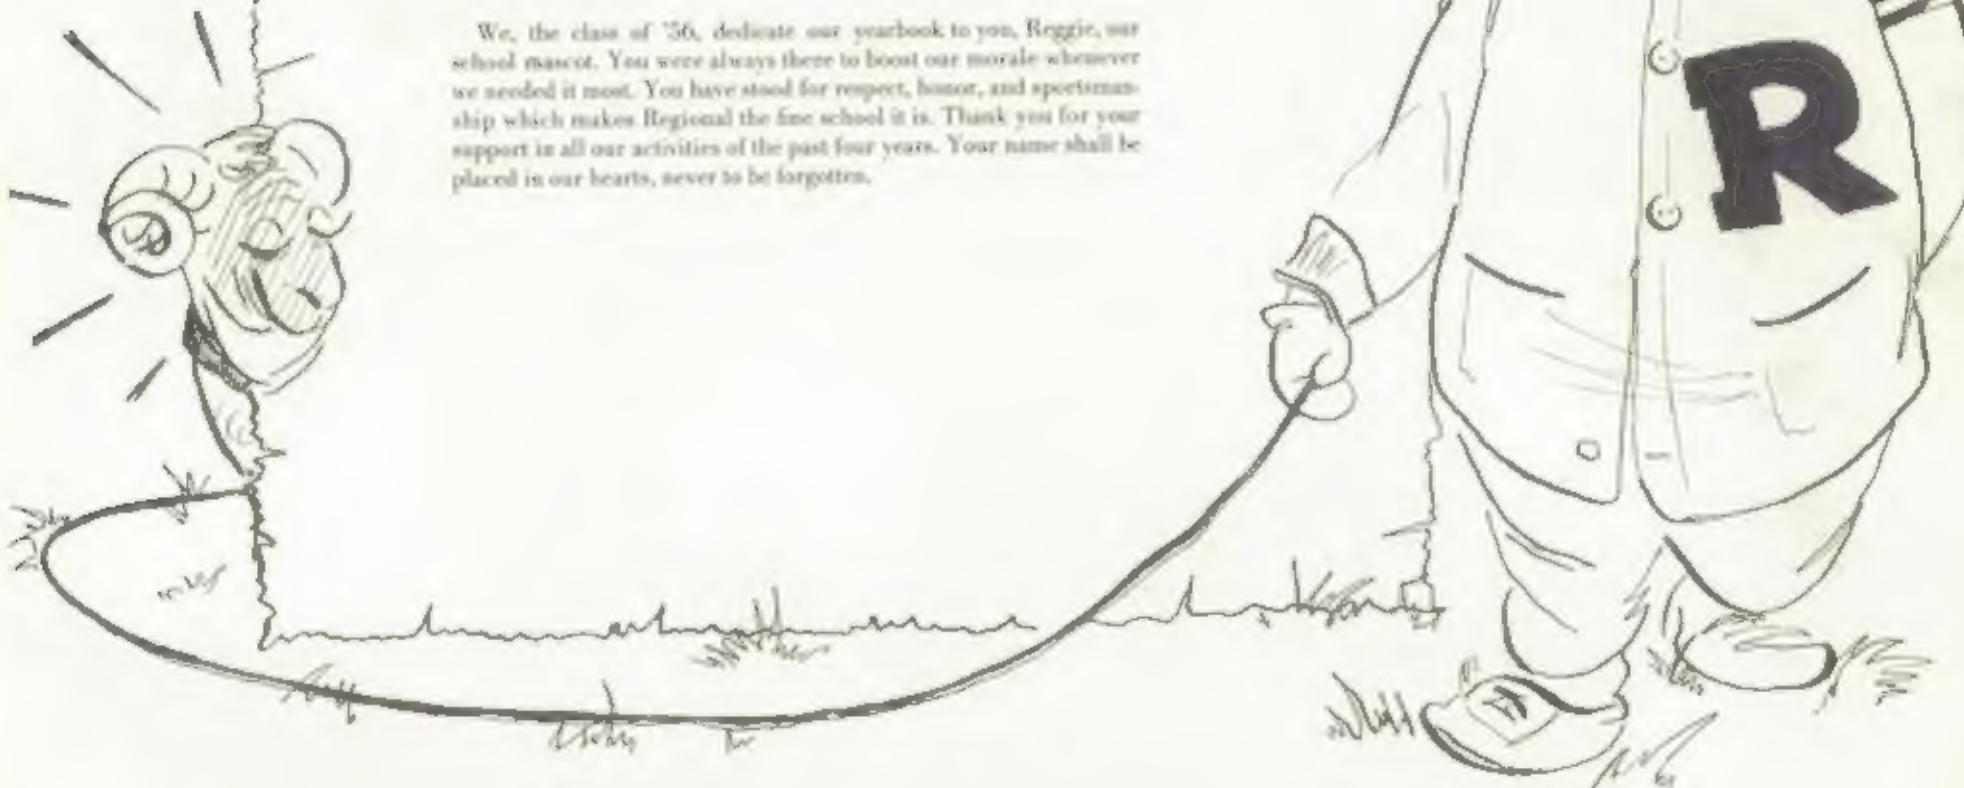

We need only look at the crowded conditions in our schools today—including the existence of split sessions at Regional—to realize that equality of opportunity does not fully exist. We are fortunate that, despite these split sessions, we are graduating with a sound and practical educational background.

As today's young citizens and tomorrow's leaders, we look forward to creating a better world—one of peace and harmony among nations and wider horizons for us and our children.

Ann Fowler

Dedication

We, the class of '56, dedicate our yearbook to you, Reggie, our school mascot. You were always there to boost our morale whenever we needed it most. You have stood for respect, honor, and sportsmanship which makes Regional the fine school it is. Thank you for your support in all our activities of the past four years. Your name shall be placed in our hearts, never to be forgotten.

The Class of 1956.....

FRANK L. DONAHUE
SUPERINTENDENT

AUGUST W. MULLER
ASSISTANT SUPERINTENDENT

You have dedicated your book to "The Spirit of Regional." That is a fine decision—as you, during your four years in Regional have done much to build that spirit.

Regional has become a better school, because of you and other classes of like calibre. May it continue to grow and may the spirit of Regional always be alive and vital. As you enter the ranks of Regional's graduates, continue to do all that you can so that the Spirit of Regional—the desire to be the best, may never die.

Our best wishes go with you in the future.

Frank L. Donahue

Members of the Class of 1956.....

Today you stand upon the threshold of a new life filled with inestimable challenges and responsibilities. Your minds and your hearts must surely be saturated with curiosity, eagerness and determination. In the past years you have been indoctrinated to judge right from

wrong, good from bad, and ambition from indolence. Your approach to the future will to a large degree be dependent upon the influence others have made upon you. The thoroughness of the broad educational apprenticeship to which you have been subjected will become apparent with the realization that these words are true—"the only difference between the difficult and the impossible is that the latter takes a little more time."

Er Father runs his inn and innkeeper John is a Rhenish boy who has been here since he was a boy and he has the best ale in the country. And the Spies come to the pub every day and drink his best beer.

He had been a member of the church since he was a boy, and he had always been a good man. He had served as a deacon and a trustee, and he had helped many people in his community. He had also been a member of the choir and had sung in many performances. He had a kind heart and a gentle spirit, and he will be missed by all who knew him.

5 But when he saw the people, he had compassion on them, because they were scattered like sheep without a shepherd. 6 So he said to his disciples, "The harvest is plentiful, but the laborers are few; therefore pray to the Lord of the harvest to send out laborers for his harvest."

Indirectly, it makes the economy more efficient by reducing costs.

Jane McWhorter, a former agent of the FBI, and her husband B. W. Johnson, a former FBI supervisor, have been indicted on charges of espionage. They are accused of giving information to the Soviet Union through their son, Robert Johnson, who was a member of the Communist Party. The McWhorts are charged with giving the Soviets secret information about atomic weapons technology. Their son, Robert Johnson, has already been convicted of espionage and is serving a life sentence in prison.

A MESSAGE FROM OUR STUDENT COUNCIL PRESIDENT

Now I am going to tell you about the first time I ever saw a real live dragon. It was a very small one, but it was still a dragon. I was walking through the woods when I heard a loud roar. I turned around and saw a small dragon standing in front of me. It had scales on its body and wings on its back. It was a very cute little dragon. I was so surprised that I dropped my backpack. The dragon looked at me and then flew away. I never saw another dragon again.

Organized first at Regent's Park, the London City Choral Society took into account the musical education of its students and supervised all their studies by its own members. The society of that day was very conservative in its opinions and had no desire to let any foreign music enter into its repertory. It had a large number of subscribers and a good deal of participation in local fairs. Membership was restricted to men and women.

Play as you are going to! These words by a competitor were recently superstitiously repeated at the first act rehearsal of the June Senior Three Act Play, "The Seven Year Itch". The play groups A hilarious comedy entitled "Time that Forgot" was chosen at an offertory meeting, and the power and success of the play was known.

The men pictured on these two pages suffered more for a high standard of service than any other group of students. From the first of September to the twenty-fifth of November they strove faithfully, in practice and on the gridiron on Saturday, to uphold the honor of our school.

Although their team record wasn't great, we were proud of the fact that the big victory of the year came over our Colonial Conference rival. We whipped Harvard 30-2 on the Heights, home field.

This year's Regional team did better than previous ones, not only because we won a Conference Game, but also because we came close to winning several other games. Experts that witnessed a few of our defeats said that our men outplayed the opposition even while losing. This shows real spirit. It is also gratifying to note that this year's team was the highest scoring team in the last three years at Regionals. So, hats off to the football team and thanks for a good job.

CHEERLEADERS

Michigan football game is a football game without cheerleaders. It is so important to have high-spirited game supporters that it's hard to imagine a football game without them. They assist the captain of the team, who at see, sings to them and tell the spectators with the two parts of the cheer. A person, as cheerleader, is a great honor, and the key to its honor is to be a good D-tight player. It is very hard work, though. It was extremely difficult to learn, but the Parade of Champions, however, did it's year at Meadowlark (Hartford, N.H.). Through efforts of Mrs. Lucy M. Cole, the cheerleaders as well as others, the parade of champions were promoted.

BOYS' BASKETBALL

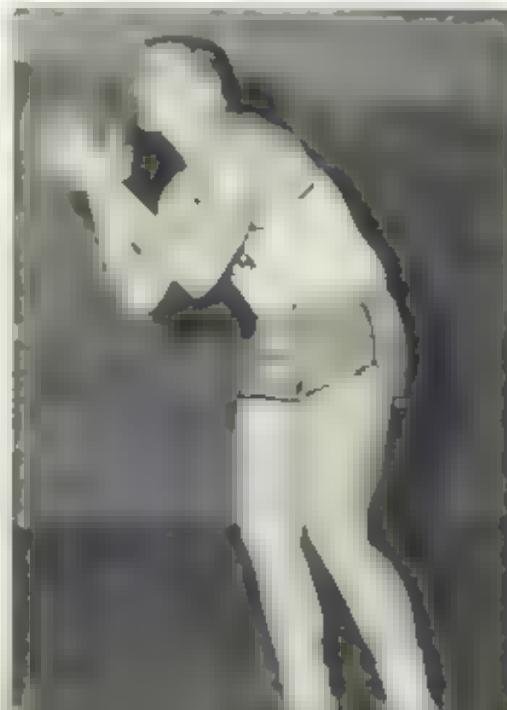

Our boys' basketball team was composed of six seniors, six juniors, four sophomores, and three freshmen. The coach was Mr. George C. Lewis, and the manager was Mr. Fred Setzer. Our team had the best record in the league, winning thirty-five games and losing only five. Our team had the following players: Fred Setzer, George C. Lewis, Bob C. Lewis, Bob Smith, Fred Setzer, Harry Koenig, and Reuben Flory. We were a good team, and the boys knew it. When Fred Setzer was absent, we organized a second Rehester, who was brilliant but was substitute and could always be counted on.

GIRLS' BASKETBALL

Girls' basketball is as vigorous or may I know different from boys' basketball. The girls were used in order to make the game less stiff and more suitable participation by the ladies. Now let's get the whole story although the right way is to award credit where it belongs. The girls' basketball team is composed of four regulations girls. They do not have a coach but they are under the regulations of the girls' basketball committee. They learn their sportsmanship down at the bases. We can never thank enough the fact that the season was such a wonderful one. It was led by [redacted] The girls' other seasons' games were always successful. They were sportsmen in every regard. In the boys' basketball Miss Peart the coach, led the boys to victory. Varsity powers due to good training. It is looking forward to equal success next year.
